

**DELHI URBAN SHELTER IMPROVEMENT BOARD
GOVT OF NCT OF DELHI
OFFICE OF THE DIRECTOR (NS)**

No. D-613/DD (NS) 4/16

Date 19/10/2016

MINUTES OF MEETING

In response of the meeting held under the chairmanship of Secretary to Minister in his chamber on 07.10.2016 at 12:30 Hrs on the issue of dovetailing of Rain Basera Mobile App of DUSIB for rescue of homeless found in the open during winter nights and CATS Control Room for carrying the sick homeless people to nearest hospital, a discussion was fixed by Mr L. S. Rana, AO (Operations) CATS with DUSIB officers on 18.10.16 at 11:00 AM at CATS Control Room office at Laxmi Nagar, Delhi.

The following officers attended the meeting:

1. Sh. D. Karthikeyan (DANICS), DD (NS) I.
2. Sh. Arun Kumar, DD (NS) II.
3. Sh. Saurabh Kumar, System Analyst (DUSIB)
4. Sh. Sunil Pradhan (Administrative Officer), CATS.
5. Sh. Narender Negi from WIPRO (the consultant of CATS Control Room)
6. Sh. Amandeep Singh from TRINITY (Software development Company for CATS).
7. Sh. Praveen, Project Head (Computer Added Display), TRINITY telephonically from Bangalore.

The modality to dovetail the Rain Basera Mobile App of DUSIB and CATS Control Room was preliminary discussed between Sh. Saurabh Kumar, System Analyst of DUSIB and Sh. Praveen, Project Head (CAD) TRINITY, Bangalore. It was decided that in "Rain Basera App" there will be a "**Medical Emergency Check Box**", if it will be checked (✓), the information of the person to be rescued will be sent to CAT web application through "**CURL**" operation in either "**json**" or "**base64encoded**" format. This data will be consumed by the CAT web server and CFS number (Call for Service number) of the complaint will then be sent, in response, to DUSIB server.

19/10/16

The API for data consuming and generation of CFS number will be developed by CAT technical team at Bangalore and the Data Push application (Data to be sent from DUSIB server to CATS server) through "Rain Basera App" will be develop by DUSIB. The Data Push application through "Rain Basera App" shall take 7 - 10 days time. It will, then, be informed to Sh. Praveen at Bangalore who will allow the same to be accepted by CAT server after developing the API for data consuming and generation of CFS number.

The Flow Chart for the working of the integrated system shall be submitted in the next couple of days for kind perusal of Hon'ble Minister (UD).
